My Dear Miss Hamilton

I take the Liberty of sending a piece of Antiquity
to add to your collection, tho I fear it is much less
valuable than a piece of Spar or a lump of Mundic.
if you will find a corner for it, and sometimes look
on it with a partial eye, you will most agreeable flatter
and gratify

Your most affect^o

I much obliged hum. Ser^t

My eyes hardly
open but am pretty well

W^d Delany
