I am tho not in a very good disposition
for writing yet I will just tell
real feeling tell you how very, very
happy your kind visit made me
in deed my dear you whole
proceedings from 23rd of March
have made me love you more
then ever, I am happy you had no
fights, so I am that y^d spirits
are better, I protest last night
I did not know myself & Brad
said when I went to undress that
my face was quite different.
It is very, very different to night

for I am I was hurt & disappointed
this Morn^g, for not a word of any
sort was said, only that they supposed
in a few days we should begin to
walk, I really felt sounded,
& with all I could not help, when
alone shedding a few Tears, for
God will take no notice of this
but pray burn this so not venture
it in your Pocket God Bless you
I could not help unburdening
my Mind to you to show you
