My f-

The Lurn has been here, & has forbid
my coming over to day to the
Lodge, I fear it will be unpleasant
to you, but as he was so
gracious I could not refuse it -
I hope or shall be able to have
a quarter of an hour conversation
at least together before this -
Wednesday? How are you yourself
for I feel not that you will, I think
believe me nobody wishes you
more perfect health & happiness
than I do.

Yours Affly
