

NAM 11/15/2/17

Babel - 4th July 1701

How grieved I am my beloved friend
that you have been so alarmed on my
account, but it was unavoidable, I
thought at all events it was better for
you ^{to} hear from another than to suffer
the torment of suspense. I thank God
I am recovering very fast - every
tender attention has been paid to your
friend - Dr. R. Jebb & Mr. Keate attended
me; my illness was a Nervous & Bilious
Fever - I am much reduced in strength
tho' not I think in appearance.

Oh how ardently I wish I were with
you at H., & how delighted I feel
that you are so well - write to me every

post it - but two times - You have no idea
what a comfort it is to me to hear from
You - So Wm. W. must give you frank's for
us both, I have none to you at H.

Thurs M - went to Leucitra this Morn^g
^{Princess Royal}
~~Eliza~~ on my Aunt is left behind - she
will till Friday spend her time at the
Lower Lodge - Adieu I shall ^{soon} be able
to write more at a time - Adieu my
Dearest Dearest Friend In Hamilton

Miss P. has just sent me
4 or 5 letters to her -

How sensibly my love do I
feel every mark of your tender
affection
