My dear friend!

Novr.

I have waited in anxious expectation all day - I had not note by y^e. post - I then flattered myself - by hearing from y^e by some scut that return'd with their Majesties - after y^t - I hop'd to receive a few lines by some of y^e ladies in waiting who were to come down tomorrow was y^e. day fix'd for y^e. going - You were ill very ill yesterday - I cannot bear y^e uncertainty of suspense - My scut is to set out as early as it is light in y^e. morn.
