

Mr. - Told me in one of the many interesting conversations
the late Mr. G. told me that

The King, ^{George 4th 2^d} sent the D^{ch} of Devonshire to Mr. Pitt and
desired him to name his own terms. ^{and} ~~that~~ such was the situation
of the Nation that it looked up to a Man of small fortune
and private birth, and wth of exception of having married
Lady Templer Stretton, ^{of no family alliance, he had also but} confined to a small circle of
friends and acquaintance
