Caserta 6th March

1787.

Sir

It was with great pleasure
that I received your obliging
Letter acquainting me of
Mr. Dickenson's safe delivery
of a Daughter - I most heartily
wish you both a continuance
of every earthly happiness -
By her last letter to me which
I will soon answer fully I
perceive she is perfectly happy
and indeed she deserves it
for

for on her side possessing an
excellent affectionate heart and
a strong well cultivated
understanding I know she
could not fail making you
happy, which I with pleasure
see that she does - I hope
I may be able to make another
visit to Great Britain in
a year or time & shall have
much pleasure in making
your acquaintance

I am Sir
Yours most obedient
humble Serv^t W^m Hamilton
