

WAM/1/6/1/4

Monday Night
6th June 1705

I am very much obliged to
You Dear Madam for imparting
to Me Intelligence w^{ch} gives
me I assure You very sincere
Pleasure.

Most certainly I wou'd wait
on You to Morrow Morning at
the appointed Hour, if I were
not confin'd by a remains of
Rheumatism w^{ch} Dr Warren has
attended with Success, but w^{ch} still
confines me to the House inded to
a fire Side, but if M^r Dickenson

could do Me the favour to
call abt 12 / it would be sooner
than my Esculapius will arrive,
or if you would both drink coffee
with Me between 6 & 7 you
would find Me alone. After
hears all my children & perhaps
other Friends would probably
be dropping in.

I am very
glad you have persuaded Mr Verey
to see Her. He has many &
wd be among the first to wait on
Her if I could go out.

Ever My Dear Madam with
Sincere good Wishes Yours
D
