

Your friendship, my dear Miss Hamilton,
has made you say about one third more
than I would have done for myself. —
I should have suppress'd the whole of the
Left Page; — but as it comes from a
young & susceptible Heart, I let it
pass. — Mr.  being with me
still prevents me from saying
more, than ~~say~~ that my Prayers
attend you both when you sleep &
when you wake —
Mitton
