

NAM 11/7/6/12

Kew. Frid. Mon. 4th Oct. 1782

If I recollect aright I promised to lend to Miss Hamilton S.^r Jos: Reynolds discourses, I have therefore sent them to her, & make use of the opportunity to enquire after her health.

I must beg to trouble her also to give the enclosed note, with my best Compliments to M^{rs} Hagerdon.

Miss Hamilton will be good enough also to present my best Compliments to Mon^r. de Luc, & to inform him that I received his books of which I will take all imaginable care: I have not yet been able to make much progress in them as during the Prince's two last visits at Windsor, I was absent from Kew.

The Port Folio of Drawings arrived safe.

I am obliged to Miss Hamilton for her kind Letter, & beg leave to subscribe myself her

Much obliged most obedient humble servant

J. Fisher

P.S. My Fellow Labourer is considerably better.

All Sunshine & Joy now.
