

Mr. Fisher presents his Compliments to
Miss Hamilton, & encloses to her another Copy of
the Milkwoman's verses, which he forgot to return with
the others.

Mr. F. is extremely sorry he has not
had it in his power to wait upon Miss H. this week,
but she knows full well, how much the weekly trips
to Windsor break in upon time: he will however
certainly find leisure when he returns to London
next week.
