

Mr. Fisher presents his Compliments to Miss Hamilton, -
is very sorry he could not have the pleasure of seeing her this morning.
He wished to offer her a petition in behalf of his Brother, which as a
Patroness of the Arts Mr. F. hopes Miss H. will have no objection to
grant. The Matter is this: Mr. G. Fisher has nearly finished a
Landscape in Oyl, which he wants to ornament with some Cattle;
& he recollects seeing among Miss H. pictures, a Landscape
where there are some Cattle which will suit his purpose: He
has entreated ~~of~~ ^{his brother} to beg Miss H. will indulge him with the use
of that Picture for a couple of Days.

Any morning that Miss H.
is most at leisure, Mr. F. will beg leave to shew her some
Drawings which his Brother has finished in the course of the
last Summer.
