

Mr. Fisher presents his best Compliments to Miss
Hamilton, & begs she will do him the honour to accept
the Drawing of Bevensa Castle. Mr. F. would have
waited upon Miss H. this morning, if he had not thought
a visit would have been inconvenient to her, as he supposes
she must be busied in preparing for the Drawing Room.

Mr. F. flatters himself however, that he shall have
the pleasure of seeing Miss H. to offer her the Compliments of
the Season, before she goes to Windsor.
