I am sure I should be very ungrateful were I not to make
the same acknowledgements to your excellent Father & Sister.
You will please to let Bro. know that I thought it ne-
cessary to write to you upon the subject of his letter, & in this
I trust to your discretion to keep matters as fair as possible be-
tween all parties. I will take it for granted that you can
have no great difficulty in procuring what money ^{may} be
necessary for my son's debts &c. & therefore I conclude you
will permit his journey to take place on the day he
mention'd. I have already found a place where he
be well & conveniently lodged. Mr. Hamilton & my Daughter
desire to be affectionately remembered with me to you and
Mr. Dickenson not forgetting Miss D. & when you see Mr.
Dickenson I trust you will assure him of my obligations
for his kindness to my son. I remain
